Dr Bina Vyas  
IIW President 20-21

Dear Friends

It is always a matter of happiness to extend help to Inner Wheel Clubs in the world in times of crisis in their countries which can be due to calamities or disasters of any kind.

International Inner Wheel is always positive about helping Inner Wheel Clubs, when they need our help. We are pleased to see that many Inner Wheel Clubs are coming forward to help set up medical or rehabilitation aid, whenever or wherever needed.

International Inner Wheel also always supports such projects voluntarily and help in any form.

Lack of communication can sometimes be the cause of misunderstanding each other.

IIW is ready to extend help to Lebanon Clubs who want to provide aid to the blast victims in Beirut.

Regards & Best Wishes

Bina Vyas
