

REPORT ON THE ACHIEVEMENTS of 2020-21

& IIW President's 7 GOALS

July 2020- June 2021

IIW Theme – **LEAD THE CHANGE**

By

Dr Bina Vyas

IIW President

.2..

I have been privileged and honoured to **LEAD THE CHANGE** as International Inner Wheel President in 2020-21.

Change in Leadership is not Change..... but **Change** is in our **thinking**, our Working, in our Beliefs, in our Pre-conceived Notions of people, Change in Managing People, in Interpersonal Relations, in Behaviour, in Communication, in our Attitudes and in our Approach to Inner Wheel.

Change in any system brings progress. CHANGE ... offers new Opportunity, new Horizon & new Lead to Progress.

With courage, goodwill, harmony & leadership at heart, we can touch humanity.....

So it is Leaders at all levels who need to bring about positive Changes in Inner Wheel.

At a time when the pandemic is wreaking havoc in our lives, the Theme --

LEAD THE CHANGE has created magic and inspired Members to change their attitudes and given them hope to work successfully, in spite of the pandemic.

It was necessary to approach the situation with a strong will and determination. This gave us an opportunity to apply our hidden energies, abilities and bring out the best in our significant projects and service activities as well as increase in Membership, Increase in Clubs and Increase in New Members,

Members in the world have proved that the whole world changes for us only when we **CHANGE** our attitude towards it.

This is reflected in the absolutely wonderful, unbelievable Achievements by Clubs during the year, under the able leadership of National Presidents, National Representatives, District Chairmen and Club Presidents.

.3..

Many Changes have been introduced in the year :-

1 Given 7 IIW President's GOALS to all Clubs in the World.

The Goals are easy, simple, achievable, not involving any cost and applicable to the whole world. But very useful to the local community – youth, women, children and senior citizens

2 The Goals include 4 of the important UN recommendations

They are Youth Development Programs, Women Development & Empowerment Programs and Caring for Senior Citizens & the International Corporate Project on Water & Sanitation Project.

3 Providing **LEADERSHIP DEVELOPMENT TRAINING PROGRAMS** to NPs, NRs, DCs,

4 Meeting, Orientation & Training Program for all 16 Board Directors along with Targets for them.

5 Meeting, Orientation & Training Programs for Presidents & Members of Non Districted Clubs

6 Meeting with Past Board Directors to explain the Vision & Mission, Changes and Their Roles in the Development, Progress & Growth of Inner Wheel.

7 Meeting with Past District Chairmen to orient them on the Vision and Mission leading to Changes in Inner Wheel.

8 An epoch making, historic change has already descended on us in the world unknowingly.... where we have started using and depending on Video Conferencing and Zoom for meetings at all levels.

I am extremely happy to see that Members in the world have worked diligently to LEAD THE CHANGE with Determination, Love, Affection, Care, Modesty, Humility & Sensitivity.

..4..

I am pleased to present the Achievements of the year 20-21 and also the International Inner Wheel President's **7 GOALS** by the Clubs in Inner Wheel.

The Theme – LEAD THE CHANGE has worked as magic and a great inspiration and motivation for Clubs all over the World.

For me, this year the pandemic has become more of a strength than a blemish. I have taken advantage of this pandemic to reach out to all sections of Inner Wheel Members on the Virtual platform.

In spite of the pandemic, Members have found ways of reaching out to the various sections of the community, through their wonderful Projects.

My experience this year with Clubs, District Chairmen, National Presidents and National Representatives is very encouraging. All have been eager to learn, participate and improve the current scenario and they are doing their best to share the Vision of Inner Wheel which I have shared this year with everyone to establish a better Inner Wheel world. I have :

- ❖ connected personally with nearly 75 countries in the world out of the nearly 100 countries through Zoom Meetings.
- ❖ written Monthly Letters to Presidents of nearly 4000 Inner Wheel Clubs since June 2020.
- ❖ organised regular Meetings with all National Presidents / National Representatives and District Chairmen.

..5..

When all Clubs in the world achieve extra-ordinary results, the impact is prominently visible, noticeable and appreciable.

This demonstrates our solidarity in addressing the issues of the world and also build the much needed Brand Image of Inner Wheel in our towns, cities & countries.

Our one year of Spectacular Achievements has led to a giant leap for our Organisation.

As of JUNE 2021

➤ TOTAL MEMBERS IN INNER WHEEL	109,000
➤ TOTAL CLUBS IN INNER WHEEL	4,102
