

Inner Wheel Sweden

Inner Wheel friends in xxxxxxxxx IWC,

On Thursday morning, we woke up to Russia militarily rolling across Ukraine's border with military vehicles on various fronts with a view to Kyiv. It is an unacceptable act that makes me sad and appalled.

We from Inner Wheel Sweden are thinking of you and your families and hope that the fighting power, captures his reason and withdraw. War doesn't solve any problem. We need to be able to talk to each other.

Best wishes to all of you in the Club.
